Prioritize Texas for the Wildcat Rewards Card Pilot

Prepared for: Jordan Ellis, VP of Card Growth

Client: Bear Down Bank

Texas Leads Pilot Eligibility Among Larger States

Recommendation

Prioritize Texas for the initial Wildcat Rewards Card pilot mailing. Texas has 68 eligible customers and a 42.77% qualification rate, more than double the overall rate of 20.35%. This makes Texas a strong starting point for reaching a substantial pool of qualified customers.

Data note: Chart displays the five highest qualification rates among states with at least 50 customers. Percentages represent eligible customers within each state; labels also show eligible customer counts.
